

NJ Teams Updating USYS Numbers

As New Jersey teams official rosters are not created on gotSPORT, your players NJYS ID numbers do not automatically show on game cards.

It is important for teams to update NJYS ID numbers on the gotSPORT game card so they match your player cards and official roster.

Here are instructions on how to update your ID numbers-

Team Managers-

Team Management > Select Team > Team Members > Click on Player > Roles (on the left)> Select Edit button which has the CLUB NAME and Organization written under it and affiliate name USYS > Change Competitive Level to Competitive under USYS- New Jersey Youth Soccer > Enter ID Number > Save

Example below- The second edit button would be selected as the 'club name' is EDP Soccer and it has Organization under it

Resource	Role	Title	Published	Level	Affiliate Name	
Arsenal Team	player			Direct	USYS ID: TEST123	Edit Remove
EDP Soccer Organization	player				USYS ID: TEST123	Edit Remove

For Admins-

Club Management > Select Team > Team Members > Click on Player > Roles (on the left)> Select Edit button which has the CLUB NAME and Organization written under it and affiliate name USYS > Change Competitive Level to Competitive under USYS- New Jersey Youth Soccer > Enter ID Number > Save

I would recommend updating 1 player and checking your game card to ensure you have updated the ID number correctly before working through the whole team.
